

ARSHAD TV

E-COMMERCE & MARKETPLACE OPERATIONS SPECIALIST

Malappuram, Kerala, India | +91 6235944644 | arshadtv777@gmail.com
linkedin.com/in/arshad-tv-250889308 | Open to relocation — GCC / Middle East

PROFILE SUMMARY

E-commerce and marketplace operations professional with hands-on experience across Amazon, Flipkart, Meesho, Shopify and noon, covering catalog, pricing, promotions, inventory, marketing and performance reporting. Currently runs the complete e-commerce lifecycle as Founder of an independent online retail business — sourcing, vendor management, listings, pricing, Meta Ads, fulfilment, finance tracking and performance optimization — building strong commercial judgement and data-driven decision-making across functions. Previously worked full-time, on-site at a back-office team in Kottakkal, Malappuram, as a Data Analyst supporting a Qatar-based electronics retail and e-commerce business, managing Shopify listings, noon marketplace operations, campaign performance and price analysis. Seeking an e-commerce or marketplace operations role in the GCC where multi-platform operational experience can directly add value.

PROFESSIONAL EXPERIENCE

Founder | Scratch SmartBuilt (Independent E-Commerce Business)

July 2025 – Present

- Own and operate a multi-channel e-commerce business end-to-end, covering strategy, sourcing, listings, pricing, marketing, fulfilment and financial management across Amazon, Flipkart, Meesho and Shopify.
- Identify and validate profitable products through market research, competitor benchmarking and demand analysis before sourcing decisions.
- Manage vendor sourcing, quotations and procurement, negotiating terms to protect margin across multiple suppliers.
- Build and optimize product listings — titles, descriptions, specifications, images and keywords — to improve search visibility and conversion.
- Set pricing and promotional strategy using competitor and sales-performance data, adjusting margins across marketplaces.
- Plan, run and optimize Meta Ads campaigns against ROAS and business targets, adjusting spend and creative based on performance.
- Monitor inventory, order fulfilment and returns across all channels to maintain product availability and service levels.
- Track business finances, costs and profitability, using Excel/Google Sheets analysis to guide operational decisions.

Property Consultant | HiLite Builders, Calicut

September 2024 – April 2025

- Managed the end-to-end sales process for prospective property clients, from lead qualification to closing.
- Built and maintained client relationships through consistent follow-up, site coordination and needs-based consultation.
- Negotiated terms on high-value property transactions, contributing to team sales targets.

Data Analyst – E-Commerce Division | AI Anees IT Solutions (AI Anees Qatar)

March 2023 – July 2024 | Back Office, Kottakkal, Malappuram (Full-time, on-site)

- Worked full-time, on-site at the company's back-office team in Kottakkal, Malappuram, supporting e-commerce operations for AI Anees Qatar, a Qatar-based electronics retail and e-commerce business.
- Managed Phone Booth's Shopify store listings — product information, pricing and content updates — and noon marketplace listings.
- Supported campaign management, promotions and online merchandising across marketplace channels.
- Conducted price analysis, data filtering and sales/performance reporting to surface trends and commercial opportunities.
- Maintained accuracy and consistency of product, pricing and sales data across all online channels.

EDUCATION

Bachelor of Computer Application (BCA)

University of Calicut | 2019 – 2022
